Summary

Senior Front-End Developer with 5+ years' experience delivering high-performance, responsive enterprise applications in government, transport, and education. Proven track record in the Gulf region with **RTA Dubai (UAE)** and **SASO (Saudi Arabia)**, building scalable systems for vehicle inspection, compliance, and transport services. Expert in React, Redux, and TypeScript, with strong collaboration and leadership in delivering mission-critical solutions. Open to relocation worldwide.

Skills

- **Frameworks & Libraries:** React, Next.js, Angular, jQuery, Bootstrap, Tailwind, MUI and Prime.
- **APIs:** Experience with RESTful APIs and third-party integrations across enterprise systems.
- **Core Web:** HTML, CSS, JavaScript (OOP, ES6+), and TypeScript.
- **Tools:** Project management (Azure, Trello, Jira) and design handoff (Adobe XD, Zeplin).
- **Workflow:** SASS, Pug.js, Git, Gulp.js for streamlined and maintainable development.
- **Testing:** Troubleshooting and quality assurance with Jest, React testing library.
- **Soft Skills:** Strong communication and presentation skills, effective time management and organization, collaboration and mentoring of junior developers.

Experience

Senior Frontend Engineer, I-SOFT INTL. 2023 – Present

- Revamped legacy systems for **SASO (Saudi Arabia)** and **RTA Dubai (UAE)**, building responsive web applications with React and Redux, achieving over **50% performance improvement**.
- Led cross-team collaboration and mentored junior developers, ensuring best practices, smooth coordination, and timely delivery of mission-critical solutions.
- Conducted code reviews and enforced coding standards, reducing production errors by 20%.
- Authored technical documentation to streamline onboarding and support knowledge sharing.

Frontend Engineer, SAG TECHS 2021 – 2023

- Delivered multiple large-scale applications with React and Redux across education, migration, and government domains, ensuring fast, responsive, and user-friendly interfaces.
- Improved performance and accessibility by building scalable, maintainable front-end solutions.
- Boosted efficiency through API integration and end-to-end feature delivery with back-end teams.
- Mentored junior developers and promoted front-end best practices through code reviews, knowledge sharing, and technical documentation.

Education

6 October University, BS in Political Science 2015 – 2019

Languages

- **Arabic:** Native
- **English:** B2 (Upper Intermediate)
