Summary

Senior Front-End Developer with 6+ years of experience, including enterprise projects for **RTA Dubai (UAE**) and **SASO (Saudi Arabia).** Skilled in React, Redux, and TypeScript, building responsive, high-performance applications for government, transport, and education sectors. Open to relocation and on-site opportunities in the UAE.

Skills

- **Frameworks & Libraries**: React, Next.js, Angular, jQuery, Bootstrap, Tailwind, MUI, Prime – demonstrating adaptability across modern and legacy stacks.
- **APIs**: Experience with RESTful APIs and third-party integrations across enterprise systems.
- **Core Web**: HTML, CSS, JavaScript (OOP, ES6+), and TypeScript.
- **Tools**: Project management (Azure, Trello, Jira) and design handoff (Adobe XD, Zeplin).
- **Workflow**: SASS, Pug.js, Git, Gulp.js for streamlined and maintainable development.
- **Testing**: Troubleshooting and quality assurance with Jest, React testing library.

Experience

- **Senior Frontend Engineer | I-SOFT INTL**   2/2023 : Present

  Led front-end revamp for RTA Dubai & SASO systems, **improving performance by 50%** and delivering enterprise-scale inspection and compliance apps with React/Redux.

- **Frontend Engineer | SAG Techs**   2/2020 : 2/2023

  Delivered **Plato Campus (LMS)** and **Compass (IOM initiative)** platforms with React/Redux, enhancing learning and case management systems for global users.

Education

- Bachelor of Political Science – 6 October University (2015–2019)

Languages

- Arabic: Native
- English: B2 (Upper Intermediate)
